

**Foundation**

for the  
Improvement of Education

## Driven By Education

Starting January 2026, you can drive with pride and purpose!

The new ISTA Foundation specialty license plate celebrates your commitment to strong public schools and the educators who make a difference every day.

When you choose this plate, you're not just showing your support, you're helping champion public education across Indiana.

A portion of each plate sale funds scholarships and grants for current and aspiring Indiana educators — an investment in the next generation of teachers who will shape our state's future.

**Drive with pride. Support student success.** Order your ISTA Foundation plate through the Indiana BMV.
